

ONEstep™ Chock

With the new Fastway® ONEstep™ chock, you can throw away the chunk of wood or rock you've been using under your trailer. The ONEstep is the fastest and easiest tandem axle wheel chock available. To place the chock, simply slide it into place and step down. No bending or kneeling required. When you're ready to go, just pull up on the cable handle, and the ONEstep chock pulls right out. The ONEstep chock is perfect for travel trailers, 5th wheels, boat, cargo, horse, farm, and utility trailers.

Flip™ Jack Foot

It's time to stop fumbling with a stack of wood blocks to stick under your tongue jack. The Fastway® Flip™ jack foot extends your jack by six inches and is the only jack foot that is completely automatic. The Flip puts itself away, with no springs, cables, pins, or clips required. It drops into place automatically when you extend your jack, and tucks up out of the way automatically when you retract it for towing.

Zip™ Breakaway Cable

80-01-2140

THE BEST BREAKAWAY CABLE, EVER.

Is your old breakaway cable dragging on the ground? Is it frayed or broken? Stop stabbing your fingers on an old rusty cable. Replace it with the new Fastway® Zip™ breakaway cable; the cable that doesn't drag.

Chain-Up™

82-00-3065

If you are tired of the clanking, sparking, and wear of dragging safety chains, the new Fastway® Chain-Up safety chain sling is the fastest and easiest way to keep your trailer's safety chains from dragging. With the Chain-Up, there's no more twisting your chains to shorten them, or using bungee cords to keep them out of the way.
