

RIDE-RITE SPORT-RITE COIL-RITE AIR HELPER SPRINGS

* Do NOT exceed the vehicles Recommended Gross Vehicle Weight Rating (GVWR)

Ride-Rite® & Sport-Rite™ air helper springs

Coil-Rite® air helper springs

**RR6000
BAG ONLY**

**RR4100
KIT**

Ride-Rite Basic Kit:

Firestone air helper springs can be installed on most light trucks, RV's and vans. Firestone air helper springs utilize a pair of air springs. Most applications use air springs capable of *3,000 - 5,000lbs of load carrying capacity per set.

Sport-Rite Basic Kit:

Everything is included for a quick installation. Brackets, air springs, hardware and inflation valves for manual inflation. Most applications use air springs capable of *3,000 of load carrying capacity per set.

Coil-Rite Basic Kit:

Everything is included for a quick installation. Supports, air springs hardware and inflation valves for manual inflation.

Coil-Rite air helper springs provide extra support for coil springs in cars, minivans, vans, light trucks, RV's and SUV's. The complete adjustability of Coil-Rite air helper springs gives your vehicle a smoother ride, more effective braking and handling, even under heavy loading, adverse road conditions or on rough terrain. *500 - 1000 lbs of carrying capacity per set.
