

BULLDOG 30K GOOSENECK HITCH PLATE

·Under-bed gooseneck hitch utilizes 'no drill' vehicle specific mounting kits that are easy to install.

·Same kits used for the Fold Down and Remov-A-Ball gooseneck heads requiring little inventory investment.

·The 30K Gooseneck Hitch uses 4 high capacity carriage bolts (vertically/horizontally) that are easy to install in tighter under-bed clearance situations compared to the 6 standard horizontal bolts.
